AHAMMAD ALI PINJARI

+91 9100573972 | ahammad0814@gmail.com | Linked In | Github

OBJECTIVE

A diligent recent graduate with practical skills in Python, SQL, HTML, CSS, Django & React, demonstrated through hands-on projects in scripting and web development. Actively seeking entry-level opportunities to apply expertise gained from real-world applications. Eager to contribute and learn within a collaborative environment.

EDUCATION

SRI SAI BABA NATIONAL COLLEGE, ANANTAPUR.

B.Sc Food Technology | 2020 - 2023 | GPA : 7.4

SRI SANKARANANDA GIRI SWAMI JR COLLEGE, GUNTAKAL.

B.I.P.C | 2018 - 2020 | GPA : 7.32

TECHNICAL SKILLS

- **Programming Languages** : PYTHON
- **Database Management** : MySQL
- **Web Technologies** : HTML / CSS & JAVASCRIPT
- **Web Framework :** Django, React
- **Version Control:** Git

TECHNICAL PROFICIENCIES

- Proficient in Python (POP, OOP) and skilled in SQL for data analysis.
- Crafted SQL queries, Joins, Views, and data manipulation operations.
- Competent in web development with HTML, CSS, and JavaScript, including DOM manipulation.
- Fundamental understanding of Django for server-side development (MVC, URL routing, templates).
- Utilized Django ORM for database integration, form handling, and basic authentication.
- Familiar with React for building dynamic and interactive user interfaces.
- Managed code versioning and collaboration using Git
- Demonstrated problem-solving skills through coding projects.
- Quick learner with adaptability to new technologies.

PROJECTS

AMAZON - CLONE | E-COMMERCE PLATFORM

- **Description:** Revitalized an Amazon-inspired e-commerce platform by improving shopping cart features and order processing. Enhanced the user interface for smoother checkouts, introduced dynamic order tracking, and real-time delivery options. Overcame challenges in cost calculations, order placement, and data management for an optimized user experience.
- **Technologies Used:** HTML, CSS, JavaScript.

DJANGO SCULPT: HOME FITNESS

- **Description:** Developed a dynamic Home Workout website in Django with personalized fitness plans, and a Database admin panel for efficient data management. Proficiently utilized Python, SQL, HTML, CSS, and JavaScript, to enhance user interactivity. Showcased expertise in both frontend design and backend database administration.
- **Technologies Used:** Django Framework, Database Administration.

SCULPT ZEPTO CLONECRAFT

- **Description:** A React-based project faithfully emulating Zepto's shopping experience. Enables seamless browsing, selection, and purchase of digital products. Features intuitive cart management, order tracking, and a diverse catalog. A user-friendly design ensures an engaging shopping journey.
- **Technologies Used:** React Framework.
